

**Release Notes:**

	<b>Description</b>
1.	<p>Added new gesture control interface. More user-friendly controls based on simple tapping. Shorter beam eliminates false positives.</p> <p>After firmware update, new gesture interface will be set as the default (classic version can still be selected). Please refer to the user manual for the new controls.</p>
2.	<p><b>MOTION Infinity Only:</b> Added manual S.O.S. feature to USAFE. User can manually trigger USAFE emergency notifications by tapping POWER button 5x, + 1x to confirm.</p>
3.	<p>When USAFE is triggered, all units in the intercom chain will hear the voice prompt “crash detected”.</p>
4.	<p>Added voice prompt to tell user battery level is high/medium/low after power on.</p>
5.	<p>User will hear voice prompt “max volume” when volume hits the max level.</p>
6.	<p>Added capability to mute/unmute the mics during phone call (tap POWER button 3x to toggle)</p>
7.	<p>Added private party intercom capability, BETA</p>
8.	<p>Music share info will be saved.</p>
9.	<p>Improved noise suppression, better speech quality</p>
